Bulbs and Hand Pollenized Seed

### 1938 Seedling Introductions

**'Summer Breeze'** (No. 36-22F) (Mibloom x Triumph) x (Mibloom x Mam. White) A fragrant rich pink Prim Grand with heavily ruffled Petals of heavy substance. Opens 4-5 four-inch florets on a medium tall spike. Fragrance is sweet and rose-like, strong and persistent, throughout the day. A distinct advance in fragrant glads. Healthy grower and good propagator. Stock scarce and only 10 bulbs and a limited number of bulblets for sale this year. 'Summer Breeze' and 'Honeysuckle' are not chance fragrant seedlings but were developed by selective crossing with the direct aim of increasing fragrance, with the result that these two seedlings are the third successive generation in which fragrance appears. 1-inch Bulbs, \$5.00; Bulblets, 50c.

**'Honeysuckle'** (No. 36-43F — Sister seedling of 'Summer Breeze') Carries a spicy fruity fragrance like that of some hybrid tea roses. Not quite as fragrant as 'Summer Breeze.' A deep pink with an orange tone, somewhat ruffled, good substance, 4 four-inch florets open on a medium tall spike. Healthy grower and a rapid propagator. Stock limited. 1-inch Bulbs, \$2.50; Bulblets, 25c.

**'Seven Seas'** (335-101) An unusually attractive tone in the medium blue shades with a very subdued throat mark of same shade on slight white feather. A slightly deeper flecking as well as a suggestion of blue green blend in its ground color gives the appealing effect of sea green depths. Spike is tall and straight with up to seven 5-inch florets open in very fine double row arrangement. Its color and spike habits make 'Seven Seas' the best cut flower blue I know. Another very valuable feature of 'Seven Seas' is its ability to stand up perfectly under heat intense enough to cause every other blue that I know to wilt badly. Rapid propagator and very healthy grower. 1-inch Bulbs, \$5.00; Bulblets, 50c.

**'Jacinth'** (35-5) (Ramesses x Picardy) A warm orange blend with lavender suffusion which produces a captivating play of color. Six to seven wide open 4½-inch florets open on a fine straight spike. Makes a very reliable cut flower in this color class. Rapid propagator and healthy grower. Substance is heavy and lasting. 'Jacinth' has given us some very fine seedlings in vivid orange and orange-yellow tones. 1-inch Bulbs, \$2.50; Bulblets, 25c; Small Bulbs, \$1.50.

**'Man o' War'** (34E48) A seedling of Com. Koehl and Mrs. Errey with a brighter and lighter color than Com. Koehl. Spike very tall and very straight with up to seven 5-inch florets open in very good arrangement, making an unusually well balanced spike. This was shown in the seedling class in 1936 at Ithaca, where it received an Honorable Mention as well as much favorable comment from growers. A very strong and healthy grower, giving many bulblets which germinate easily and make unusually large growth. I believe this will prove a valuable cut flower as well as an exhibition variety. 1-inch Bulbs, \$5.00; Bulblets, 50c.

**'Euphony'** (35-19) (Picardy x Wasaga) Shades of deepest apricot and salmon (almost tan) with a faint rose blotch. Midribs touched with a deep lavender suffusion, back of petals flushed a smoky lavender. These colors blend with all the subtlety found in some of the newer iris blends, a feature not common in glads. Five 4-inch florets open on a good spike which, however, sometimes crooks. Florets somewhat ruffled. Very rapid propagator. 1-inch Bulbs, \$2.00; Small Bulbs, \$1.00; Bulblets, 25c; 10 Bulblets, \$2.00.

### 1937 Seedling Introductions

**Fortune** (Moorish King x Rapture) Very deep rich pink of even tone. Heavy light red lines in throat. Six to seven 6-inch florets open in perfect placement on a 5½-foot spike. Extra strong and husky grower and never crooks. Heavy and lasting substance. Florets and spike have the general form and size of Picardy. Its large size makes it an exhibition variety but it has all the qualities of a perfect commercial and promises to rank with Picardy, Minuet and Nuthall as a cut flower. Blooms about two weeks before Nuthall. Good propagator. Vote of Commendation, 1937, Maryland Gladiolus Society Test Garden. Large, \$7.50; Medium, \$5.00; Small, \$3.00; Bulblets, 50c each; 10 Bulblets for \$4.00.

**Chrysalis** (Albatross x Othello) A pale blue of clear sparkling color, with a small true blue throat mark. Strong grower, five feet tall, with up to nine 4½-inch florets open in good double row placement. An unusually fine exhibition variety in this color. Average propagator. Healthy grower. Chrysalis is invariably spotted by visitors in the field, for its clear color and striking spike. Large, \$6.00; Medium, \$4.00; Small, \$2.50; Bulblets, 50c each; 10 Bulblets for \$4.00.

**Coralie** (Mrs. Sisson) x (Coryphee x Nuthall) Glistening pure pink of rich tone. Throat shades a bit lighter with a thin pink thread line. Somewhat ruffled, wide open, round 6-inch florets. Five to six open on a tall willowey, but always straight spike. An unusually beautiful variety, a hoped-for combination of the good points of its famous parents. Good propagator. Large, \$3.00; Medium, \$2.00; Small, \$1.25; Bulblets, 25c each; 10 Bulblets for \$2.00; 100 Bulblets for \$15.00.

**Shalimar** (Cuthbertson x Mam. White) A huge pure white with a rich green yellow blotch which fades after flower opens. Grows larger with us than Star of Bethlehem but like that variety its stem is a bit too limber to support the flower head when eight immense florets are open. Round wide open florets, somewhat ruffled. Thick heavy substance. Blooms well from medium and smaller sizes. Large, \$3.00; Medium, \$2.00; Small, \$1.25; Bulblets, 25c each; 10 for \$2.00; 100 for \$15.00.

**Joli** (Triumph x Mibloom) Sweetly and persistently fragrant. Fragrance is rose-like and noticeable within a few feet of the plant, constantly present during the entire blooming season of this variety. Color is light pink with a vivid orange-scarlet blotch. Five 4½-inch florets open on a tall slender stem. Good propagator, but stock is limited. This variety seemed more fragrant than ever this past season, the fourth season that we have had it in bloom. Pollen is fertile but does not bear seed well. 1-inch Bulbs, \$3.00; Small, \$2.00; Bulblets, 35c each; 10 for \$3.00.

**Vanguard** (Cadence x Triumph) Ruffled light orange salmon, at times somewhat lacinated. A very early bloomer of unusual keeping qualities, remaining in fresh cut condition for three days. Five to six 4-inch florets open on slender and graceful but strong and perfectly straight spike. Altogether a very promising early cut flower blooming about ten days after Mibloom. Rapid propagator. Large, \$1.00; 10 for \$7.50. Medium, 60c; 10 for \$4.00. Small, 30c; 10 for \$2.00. Bulblets, 10 for 50c; 100 for \$3.00.

**Nola** (Marmora x Apricot Glow) An unusually deep pink with no trace of rose, white mid-ribs on lower petals. Five inch florets with six to seven open on a tall, husky, straight spike. Another variety that has all the requisites of a perfect cut flower. Very rapid propagator. Large, 50c; 10 for \$3.50. Medium, 30c; 10 for \$2.50. Small, 20c; 10 for \$2.00. Bulblets, 10 for 25c; 100 for \$1.50.

**Mauve Royale** (Moorish King x Rapture) An unheard-of color in glads, in fact in any flower, a very rich royal mauve self with a small white throat. The color is many shades deeper than any mauve that I know and hard to visualize without seeing. Very large florets between 5 and 6 inches with five or six open on a medium tall stem, which has a bad habit of crooking especially from larger bulbs. Bulblets bloom freely on good sized and straight spikes. Because of this crooking habit I've reduced the price considerably this year. This crooking hasn't been a draw-back in selling cut spikes to florists as they eagerly take every spike I have because of the unusual and attractive color. This has proven a reliable parent in breeding for lavenders and mauves, the striking point in these seedlings being the huge size inherited from Mauve Royale. Large, \$2.00; Medium, \$1.00; Small, 50c. Bulblets, 10 for \$1.00; 100 for \$5.00.

**Joyance** (Cadence x Mam. White) Light pink with a slight lavender dusting in throat. Somewhat lacinated and winged florets, close to 5 inches across with five or six open on tall straight stem. Beautiful color and attractive form make an unusually appealing variety. Joyance is larger and makes a heavier and fuller spike than any other orchid type glad I know. Rapid propagator. Large, \$1.00; 10 for \$7.50. Medium, 50c; 10 for \$3.00. Small, 30c; 10 for \$2.00. Bulblets, 10 for 25c; 100 for \$1.50.

**Seedling No. 34-2F** (Mibloom x Triumph) Light bright red self of Triumph type but with more slender stem. Tall with four 4½ to 5 inch florets open. This past season this was much more fragrant than heretofore. One of the parents of Summer Breeze and Honeysuckle. 1-inch Bulbs, \$1.00; Small, 50c; Bulblets, 15c; 10 for \$1.00.

**Cadence (1936)** (Mary Frey x The Orchid) Medium pink with small amber throat mark. Petals twisted, fluted and lacinated, giving a very orchid-like appearance. Five open on a 48-inch spike, 4 to 4½ inch florets. Cadence has been a good parent in producing other lacinated seedlings. Large, 25c; 10 for \$2.00. Medium, 15c; 10 for \$1.00. Small, 10c; 10 for 60c. Bulblets, 10 for 25c; 100 for \$1.50.

As a testimonial to the quality of the seedlings I have selected for introduction, I want to point to the winning of the Bulletin Cup of The Empire State Gladiolus Society in 1936 when I received five out of the eight awards given in the seedling division with 19 exhibitors competing.

This past Summer at Rochester through everything else on exhibition was completely eclipsed by Mr. Chamberlain's grand smoky seedling, 'Caroline Werner Gannett,' I received a total of nine Honorable Mentions in the seedling classes (my own count, not yet confirmed by an official report).

**Special Collections** — We are offering the following collections, mostly of the newer varieties, at collection prices that offer attractive savings. Order collections by number.

Collection No. 1 — \$8.00 value for \$6.00 — 1 small bulb each of Fortune, Coralie, Shalimar and Chrysalis.

Collection No. 2 — \$6.00 value for \$4.00 — 5 bulblets each of the varieties in collection No. 1.

Collection No. 3 — \$3.00 value for \$2.00 — 1 bulblet each of Canzonetta, Flamingo, Komiri, Manu, Red Giant, Tunia's Triumph, Scarlet Canna, Robert Burns.

Collection No. 4 — \$5.15 value for \$4.00 — 1 small each — Beowulf, James Fitzjames, Prairie Gold, Robert Burns, Cherokee, The Bounty, The Mogul.

Collection No. 5 — \$3.60 value for \$2.50 — 1 small each — Amberglow, Beacon, Blaue Schonheit, Cherokee, Matador, Miss N. Z., Ninth Symphony, Takina, Okarina, Prairie Gold, St. Lawrence, The Mogul, Vagabond Prince.

Collection No. 6 — \$5.50 value for \$4.00 — 5 bulblets each — Beowulf, James Fitzjames, Prairie Gold, Robert Burns, The Bounty.

Collection No. 7 — \$3.00 value for \$2.00 — 5 bulblets each — Amberglow, Beacon, Beowulf, Blaue Schonheit, Cherokee, Matador, Miss N. Z., Ninth Symphony, Okarina, Prairie Gold, St. Lawrence, Takina, Vagabond Prince.

**Seedling Collections** — I'm offering the following collections of seedlings under number. These are all still on trial and some will undoubtedly be introduced. I'm offering these in two grades, the first group contains seedlings of unusual quality, the second group contains seedlings which stand less chance of being introduced.

**Seedling Collection S-1 —**

- 10 large bulbs, all different, labeled under number, \$2.00
- 25 large bulbs, all different, labeled under number, 4.00

**Seedling Collection S-2 —**

- 10 large bulbs, all different, labeled under number, 1.00
- 25 large bulbs, all different, labeled under number, 2.00

**Seedling Bulbs — Unbloomed.** These were grown from the bulblets produced with the seedling bulbs from 1936 planted seed. None of these offered for sale have bloomed so no selections have been taken from them. Sizes will run from medium to small.

	Bulbs		Bulblets	
	10	100	100	1,000
Golden Goddess Seedlings ....			\$1.00	
Heritage Seedlings .....			1.00	
King Arthur Seedlings .....	\$ .50		.50	\$4.00
Miss N. Z. Seedlings .....	.50		.75	6.00
Mauve Royale Seedlings .....	.50		.50	
Picardy Seedlings .....	.75		.75	6.00
Rudolph Serkin Seedlings .....	.75		.75	
Salbach's Orchid Seedlings ....	.35		.40	
Tip Top Seedlings .....	.50		.50	
Vagabond Prince Seedlings ....			1.00	
Wasaga Seedlings .....	.35		.40	
Mixed Seedlings .....	.30	\$2.50	.25	1.50

The following are year-old bulblets which were not planted last Spring. These should grow very well as year-old bulblets usually germinate better than bulblets from the current crop. These were grown from the bulblets produced with the seedling bulbs from the 1935 planted seed.

	Bulblets	100	1,000	Pint
Cadence Seedlings ...	\$ .25	\$1.50	\$5.00	
Champlain “	.35			
Gate of Heaven “	.35

**Discounts** — 10% discount on orders of \$5.00 to \$10.00; 15% on orders over \$10.00. This discount does not apply to collections.

**Extras** — In addition to other extras of our own choicewhich we always add, we will add the following extras: with orders of \$3.00 — 1 medium Prairie Gold or Cherokee; with \$5.00 orders — 1 small Beowulf or James Fitzjames; wtih \$10.00 orders — 1 medium The Bounty and 1 bulblet of Tunia's Triumph.

**Premium Bulb** — On orders of \$10.00 and over, I'll add as a premium one blooming size bulb from the group of seedlings under number from which next year's introductions will be selected. The showing made by these next season will determine which will be named and introduced. Among these are a huge lavender seedling of Hercules, a heavily ruffled white, a deep coral pink Picardy seedling, a rich smoky with ruby blotch, a huge cerise red, a heavily ruffled light red with striking white center.

The Mogul. Large maroon red. 8-10 open .....	1	2.00	1.25	.75		1.00	
	10			5.00			
Tunia's Triumph. The finest giant variety. Deep scarlet self, 7 inch florets .....	1	8.00		3.50		.90 each	
Vagabond Prince. Deep reddish brown. Brilliant blotch that seems alive .....	1	.50	.30	.20		.40	3.00
	10			1.50			
Whero. Extra fine red. Called the world's best red.....	1	.40	.30	.20		.50	

## Hand Pollenized Seed

Though the crop of seed is considerably smaller than last year due to lack of time to do as extensive crossing as usual, I still have a large enough crop to offer quite a varied list of crosses.

All crosses listed are 10 seeds for 50c except the starred crosses which are 10 seeds for \$1.00. Each seed will be a selected and fully ripened seed. You will find our count and extras generous on seed orders. Order seed by number.

Mixed Seed from Hand Pollenized crossings. These are from crosses that gave only small amounts of seed which were all put into a mixture, but which is equal in quality to the numbered crosses. 30 Seeds for 50c; 75 Seeds for \$1.00.

Mixed Seed — All from Golden Goddess crosses ..... 20 Seeds for 50c

Mixed Seed — All from Picardy crosses ..... 20 Seeds for 50c

Mixed Seed — All from Miss New Zealand ..... 20 Seeds for 50c

Special Seed Mixture — From Fragrant Variety Crosses —

Mixed Seed — All from Joli Crosses ..... 10 Seeds for 50c

We feel that the seed we offer from crosses involving fragrant varieties is something out of the ordinary for some of these fragrant varieties have come from a series of crosses which produced fragrant seedlings in each of three successive generations, showing that this character of fragrance is becoming more fixed in this strain.

# Descriptions of Seedlings

## Used in Above Crosses

35-46 (Picardy x Mammoth White) Deep pink with white blotch, 8 open. 35-77 (Othello x Phipps) Deep violet blue, very tall, very large.

36-5 (Rosemarie x Picardy) Very large, very early warm white; very fine. 36-9 (New Zealand x Ave Maria) Bright pink large, 8 open on fine spike. 36-19 (Inspiration x Picardy) Extremely fine very deep salmon, 9-10 open, extra substance. 36-21 (New Zealand x Palmer 26896) Very large ruffled deep rich pink, fine. 36-30 (Rosemarie Pf. sdlg.) Resembles its parent closely, good straight spike. 36-46 (Gate of Heaven x Picardy) Deep orange with deep yellow center, 8-10 open. Large ruffled florets, very good. 36-58F (34-2 x 334-27) Ranks with 36-22F as one of our best fragrant seedlings. Light red, tall, 6 open. Fragrance, strong and lasting. 36-75 (Champlain sdlyg.) Medium Blue, clear color. 36-85 (Gate of Heaven sdlg.) Bright yellow, very ruffled, 6-7 open. 36-86 (Rosemarie x J V T x Mammoth White) Resembles Rosemarie, 6-7 open. 36-94 (Miss N. Z. x 26896) (Palmer) Huge wide open, heavily ruffled white, very tall, extra heavy substance. 36-87 (Rosemarie x J V T x Mammoth White) Very tall, large, clear white, extra. 36-108 (Rosemarie x J V T x Mammoth White) Larger, sturdier Rosemarie Pf. 36-110 (Red Lory sdlg. x Ramesses sdlg.) Resembles Bill Sowden. 5 open on fine spike. 36-114 (Blue Ruffles) An exceptional blue, combining ruffledness with an unusually attractive medium blue color. My choice as my most outstanding seedling. 36-163 (Mixture) A fine very large medium blue, very good spike. 36-172 (Kempenfeldt x True Blue) Clear pale blue, blue feather, good spike. 36-189 (New Zealand x Rosemarie) Fine clean pink, red feather, unusually fine spike with 8 open. 36-207 (Machree sdlg.) Smoky pink, less throat mark and brighter than Machree. 36-S-16 (Machree sdlg. x Picardy) exquisite satin gray, very fine.

37-1 (Jacinth x Coryphee x Ramesses) Creamy light apricot, large and tall. 37-2F (Star Beth x Incense) Very tall deep cream, lavender feather, keen fruity fragrance. 37-3 (Golden Goddess x Picardy) Pink with orange undertone, large. 37-4 (Vagabond Prince x Ramesses) Seems outstanding, a very heavily ruffled deep crimson, extra substance. 37-6 (Arabella x Picardy) A deep wine red self, large with many open. 37-7 (New Zealand x Rosemarie) Fine pink self, 7-8 open. 37-8 (Vagabond Prince x Joyance). 37-9 (Vagabond Prince x Joyance). 37-11 (Blue Delight x Orleans) Light blue, long spike with 21 buds. 37-12F (Sowden x Incense) Red fragrant seedling of good size. 37-15 (New Zealand x Golden Goddess) A fine clear yellow, very large, looks extra from the first blooming. 37-16 (New Zealand x Golden Goddess) Blend of rich orange tones, 8 open on very tall spike. 37-17 (New Zealand x Golden Goddess).

37-21 (Golden Goddess x Picardy) Clear apricot, many open. 37-23F (Incense x fragrant Mibloom seedling) Deep pink, ruffled prim grand, fragrant. 37-27F (Sowden x Incense) cerise, white throat, large and fragrant. 37-33 (Arabella x Picardy) Deep clear wine red self, very large. 37-36 (Golden Goddess seedling) Very deep yellow, 7-8 open, fine. 37-37 (Jacinth x Vagabond Prince) A most vivid orange, slight blotch, fine spike and substance. 37-38 (Star Bethlehem x Golden Goddess) Very tall pale yellow, large, extra in substance. 37-40 (New Zealand x Oregon) Very large and tall, white. 37-48 (New Zealand x Smiling Maestro x Picardy) Ruffled deep orange salmon. Very large, heavy substance, very tall — looks extra. 37-61 (New Zealand x 35-45) Resembles Picardy, 6 open, large. 37-67 (Arabella x Red Lory) Very dark red, 8 open good size. 37-68 (Golden Goddess sdlg.) Good yellow, tall with 10 open. 37-S-3 (New Zealand x Triumph sdlg.) Very large light lavender pink, vivid ruby blotch, extra substance, fine spike. 37-S-4 Good light yellow, tall.

337-13 (Mixture) A most interesting and attractive yellow blend; clear buff yellow with lavender suffusion at midribs, perfect spike. 337-17F (Sister seedling of Summer Breeze) Orange pink, ruffled heavy substance, fruity fragrance. 337-21 (Mixture) Very ruffled, very large, rich golden yellow. 337-24 (?) Deep red self, tall. 337-25 (Wuertembergia x Picardy) Bright light red, huge white blotch, 6 feet tall, 7-8 open with 5½-inch florets open in perfect arrangement. Probably the best we have from this cross. 337-29 (?) Extra large, very ruffled yellow, 7-8 open, very fine. 337-36 (Mixture) Probably a Red Lory seedling, but much larger, a deep bright cerise, tall heavy spike with 8 open.

**Lily Seed** — Among a number of Regale lilies I raised from seed that I bought when the Regale was still a new comer, are a number which grow unusually tall and give unusual numbers of blooms. They differ so much in these respects from the average Regale that I've come to believe that these are natural hybrids of Regale. The seed that I offer below was all taken from the one most outstanding lily of this group. Plant is a full five feet tall, stem at base over an inch in diameter and a single stem has carried as many as 66 buds at one time; a most unusual and striking plant. This seed grows easily from Spring sowing. 25 Seeds, 25c; 75 for 50c.

**Hybrid Regale x Tenuifolium** — A group of hybrid lilies which with one exception resemble more vigorous Tenuifoliums, up to three feet tall with as many as 30 florets. The one exception is an extremely vigorous seedling, three and one-half feet tall with 40 orange Tenuifolium-like forlets.

Seed from Orange Tenuifolium ..... 25 for 50c; 75 for \$1.00

Seed from the best Red Seedlings of this group ..... 25 for 25c; 75 for .50

Bulbs of the above hybrids are much larger than the usual Tenuifolium bulb, indicating the Regale parentage. Second generation seedlings from the above seed may show more Regale characteristics with a chance of a red or orange Regale-like seedling appearing.
